AI Voice Assistants Delivered Measurable Hiring Outcomes & Results.

CHRO INNOVATION AWARD

Recognized for Advancing AI Innovation within HR Tech and Talent Acquisition.

THE CHALLENGE

60,000-100,000 MONTHLY APPLICANTS

High application volume overwhelmed Recruiting teams, making it difficult to engage candidates quickly and consistently. The organization needed a scalable way to connect with targeted talent pools and reduce ghosting.

THE SOLUTION

A BRANDED AI VOICE RECRUITING ASSISTANT CUSTOMIZED FOR ENTERPRISE

Designed to the organization's culture and hiring strategy, the AI Assistant delivered human-like conversations, intelligent pre-screening, SMS follow-up, and scheduling automation that integrated within their ATS/CRM systems.
